

Reception case study

Moody Terrace Dental Practise Congleton, Cheshire

Contractor		Innova Design Group
Timescale		3 Weeks
Architect		Innova Design Group

INNOVO

Commercial

Situated in a historic building in Congleton, South Cheshire, Moody Dentist has a fantastic reputation in offering high quality dental solutions, using the latest materials and procedures as well as sound restorative knowledge and techniques.

Brief

Innova was approached by the architect and client to refurbish two waiting rooms and reception areas across their practises in Congleton. Key element of the brief was to create, clean modern, welcoming environment for patients to relax in, making a positive first impression!

Moody Terrace Dental Practise Congleton, Cheshire

Carcase		Manufactured from 18mm MF MDF
Edging		ABS Colour matched edging
Hinge		240 ° pivot safety hinges

Solution

Innova provided a full turnkey solution including furniture, flooring, lighting and decoration

Fitted furniture was designed and installed to enable long term records to be accessed and stored away neatly and securely.

The extensive use of solid surface materials ensured the furniture was extremely durable, hygienic and easy to maintain.

Waiting areas included fitted furniture, feature walls housing TV's, space to display Point of Sale and leaflets with plenty of storage units. Coffee tables and soft seating was provided to create a welcoming look.

Innova delivered the designs on time, under budget and to a very happy client.

The new reception and waiting area featuring a warm spot lit ceiling, a practical hard wearing reception desk with fully integrated cable management, flat screen TV and comfortable seating is now calm and inviting for waiting patients.
